 SOUTH—Keller Convention Center 1202 N. Keller Drive Effingham, IL

**Registration and Continental Breakfast 8:00 a.m. - 9:00 a.m.**

**Education 9:00 a.m.—4:00 p.m.**

### Is Your Blanket Covering Your Assets?

The economy has changed drastically in the last two years and the farm machinery market has been affected too. New, used and salvage values are much different than there were in early 2020. Has your company adjusted its rates to be ready? We will have an open discussion on farm machinery and the supply issues you could face too.

### Mock Board Meeting

Volunteers will run a mock board meeting and a moderator will walk us through the challenges that come with doing business as a board of directors. Unintentionally violating laws doesn't make you innocent and we want to point out some common areas that tend to get overlooked in meetings. While some of this meeting will seem entertaining, the knowledge you will walk away with is invaluable!

**Roundtables** – Roundtables allow members a chance to exchange ideas and solutions to the day to day issues that a mutual could face. Following the morning topics that directly discussed the board meeting mock trial and farm equipment insurance, we are confident there will be a lot to share. Gathering knowledge from our experienced members will help our newer members find ways to ensure their mutual will continue for another 100 years.

**Does Your Board Make the Grade? Board Evaluations (FMDC\*)** This course will help us understand the need to conduct board evaluations. Ideas on completing the process and following through on the results will help your board be a stronger, more efficient board. Is your board ready? This course will help you find out if you're ready for the future. Be the reason your Mutual succeeds!

**Investing in Your Mutual's Future – Insurance Accounting and Investment Management Insurance Accounting (FMDC\*)**—This course will help us understand and analyze the financial statements that you are asked to review. We will help explain how and why the review of the balance sheet and basic insurance accounting is part of your fiduciary responsibilities. Helping you understand your liabilities, including unearned premiums and the importance of reserve adequacy.
